Performance Period

Federal Co-Chair *Joel Neimeyer*

Commission Amount *\$70,000.00*

Certifying Official *Jennifer Price*

Match Source(s) *Ilisagvik, Arctic Slope Regional Corporation and subsidiaries*

Match Amount *\$172,968.00*

Pursuant to the terms and conditions of the Grant/Award, this Authorization:

This project authorization will support construction training under the Department of Labor Denali Training Fund and will be awarded to Arctic Slope Regional Corporation (ASRC) in partnership with its subsidiaries ASRC Construction Holding Company, Shareholder Employment & Career Resources, ASRC Energy Services and Ilisagvik College. Together they will provide training for 28 residents to receive support services and acquire the following basic construction certifications: NCCER, NSTC, OSHA 10 Safety, and forklift training. ASRC is projecting 90% or 25 of the participants will complete the courses, receive certification and be employed. This will be documented through quarterly reports, follow up with the participants and the ASRC employment website.

ASRC's Shareholder Employment & Career Resources will provide pre-employment needs assessment and support before, during, and after training, which includes utilizing AKCIS, resume writing skills and use internal resources to refer all participants to entities seeking skilled workers.

ASRC Construction Holding Company and ASRC Energy Services will be providing support staff to mentor and encourage participants to complete the training. Both ASRC Energy Services and ASRC Construction Holding Company are committed to this training and will be interviewing participants for employment.

For those not offered direct employment, ASRC will reach out to potential employers located in each North Slope community to identify other employment opportunities including construction jobs for the following North Slope communities: Barrow hospital and road maintenance - morgue upgrades in Katovik, Anaktuvik Pass, Wainwright, Point Lay, Point Hope, Nuiqsut, and Kaktovik - Kaktovik radio tower, airport runway, and access road projects - Anaktuvik Pass museum road and weatherization projects - Point Hope and Wainwright water and sewer projects.
