RE: Grant 08DK42 - Notice of Funding Return to Grantor

Dear Mr. Small:

Village Safe Water has been informed by the federal agency awarding the Platinum Traditional Village Council Grant Number 08DK42 has withdrawn the funding. The scope of this grant was to complete construction of the washeteria facility. However, upon inspection of the facility in June 2009 the costs complete construction, to hook the building up to utilities and to perform hazardous material clean up of a fuel oil spill would far exceed funds available for the project. No additional funds were available to complete the project. The grant funds will be returned to the grantor immediately.

Feel free to contact me with any questions.

Sincerely,

Matthew I. J. Walker, P.E.
VSW Engineer I
