Dear Mrs. DeLong:

The Alaska District has completed the combined "Environmental Assessment and Finding of No Significant Impact" for the Bethel Harbor Improvements project for Bethel, Alaska. This report includes the proposed dredging responsible by the US Army Corps of Engineers (Corps), and the Denali Commission's scope, launch ramps, and bank stabilization improvements for the harbor. Three copies of the report are enclosed for your review as well as a copy of the Corps Public Notice. If there are no changes requested, please sign the "Finding of No Significant Impact" sheet and return. Once the Corps Commander has signed the "Finding of No Significant Impact", a copy will be provided to you for your records.

Please contact me at (907) 753-5694 if you have any questions or require any additional information.
