AWARD CONDITIONS

1. All changes to the award conditions are noted below.

1. Scope of Work

The Metlakatla Indian Community (MIC) may use the remainder of Denali Commission funding from material procurement for the transmission line to Walden Point for the construction of the line, including labor; equipment rental costs; and ancillary material, incidental design and permitting necessary to complete the transmission line. The award performance period is also extended to enable MIC to perform this work in the absence of the anticipated assistance by the Innovative Readiness Training (IRT) program. This change in scope and performance period represents the only authorized changes to MIC's award. There will be no increase to the Denali Commission funding available for this project. If completion costs exceed this remaining Commission funding, the balance must be met by MIC. Any balance of funds remaining after the full scope of work has been completed will be returned to the Denali Commission.

2. Award Performance Period

The amended Award performance period is January 1, 2007 through December 31, 2010. This is the period during which Award recipients can incur obligations or costs against this Award.

3. Payments

Payments under this Award will be made by electronic transfer in response to a "Request for Advance or Reimbursement", Standard Form 270 (SF-270) submitted by MIC. Requests for reimbursements may be made as needed or at the end of each quarter but should be submitted no later than 30 days after the federal quarter. The SF-270 must be submitted to the Denali Commission via fax, e-mail (finance@denali.gov) or mail in order for payment to be processed. The form is available on the OMB website: http://www.whitehouse.gov/OMB/grants/grants_forms.html. Payments shall be made in accordance with OMB Circular A-102.
