1. Amended Award Conditions - Port Heiden Washeteria

***Award Conditions to the Financial Assistance Award  
Between the Denali Commission and Department of Environmental  
Conservation  
For Washeteria Repair, Renovation, and Construction  
Award No. 312-07, Amendment 2  
December, 2010***

All changes to the award conditions are noted below.

***1. Scope of Work***

This amendment provides changes to the scope of work for the Port Heiden Washeteria—Project 312-D. The original agreement provided \$528,750 to complete the construction of the community’s Washeteria, depending on the need for the project based on population (pop - 60). After careful analysis, Village Safe Water has agreed on a scaled back Washeteria design in conjunction with the in-home treatment unit option for the community.

The new scope of work provides for the design and construction of a Washeteria with conventional gravel foundation, well development and sanitation septic system. Additionally, this Agreement provides for a pilot study and installation of in home water treatment units.

The amended Award performance period is January 1, 2007 through December 31, 2012. This is the period during which Award recipients can incur obligations or costs against this Award.

There are no other changes to the original Financial Assistance Award, as amended.
