1134-F

Project Title

Interior Aleutians Campus - Building Maintenance

Performance Period

April 1, 2013 to March 31, 2014

Commission Amount

\$81,308.00

Match Source(s)

Match Amount

Pursuant to the terms and conditions of the Grant/Award, this Authorization:

The Interior-Aleutians Campus (IAC) has partnered with Qagan Tayagungin Tribe, Alaska Gateway School District, Tanana Tribal Council, Tanana Chiefs Conference and Mentasta Traditional Council to provide needed building maintenance skills training for >27 participants. These partner employers own buildings or are responsible for public facilities in rural communities. IAC is working with these employers to provide consistent and uniform training to existing and new employees through this funding.

IAC offers a more comprehensive and systematic approach to facility maintenance education, advances the skill level of maintenance workers and provides them a better understanding of operational systems and safety procedures. These courses will prepare village residents in wide range of skills that enable them to extend the life of the local structures and decrease the need for costly major renovations.

IAC, through employer partners, will recruit participants who will each earn an Occupational Endorsement in Rural Facility Maintenance through the College of Rural and Community Development and will be employed upon completion by one of the partner employers.
