The purpose of this Amendment is to provide an additional \$32,000 in FY07 FHWA 112 and \$8,000 in State of Alaska General Funds to the Eek Barge Landing project which will allow the USACE to include dredging analysis as part of the design/construction package. These funds will allow the USACE to complete material sampling and analysis to assure the dredged materials do not contain hazards material to be disposed of in the uplands or in the river.
